

## What You Can Expect a Web Company to Ask You

1. Tell me about your business/organization.
2. Why do you want a new website/website redesign, web application, etc.?
3. Do you have an existing website? If so, what do you love about it? What do you dislike about it?
4. Who will use your website? Who is the target audience?
5. Do you already have content for the website?
6. What kind of features or functionality are you looking for?
7. How often do you plan to update the website?
8. How many people are involved in this web project and who are they?
9. What is the budget for this project?
10. What is the timeline for this project?
11. How many other companies are proposing on this project?
12. What are you looking for in a web company?
13. How did you hear about our company?
