

## What You Should Ask a Potential Web Company

1. How long has your company been in business?
2. What types of services do you offer?
3. What is your specialty?
4. How many websites or projects have you completed?
5. Who will be working on my project?
6. What kind of testing do you perform?
7. Will my website work on mobile devices?
8. Where is my website hosted and how is that server maintained?
9. What kind of support do you provide after my project is complete?
10. How do you charge for your work?
11. How long do you expect this project to take?
12. Do I own the rights to my website design and code after final payment?
13. Can I update my own website?
14. What do you need to get started on my project?
